## BOOMING OF GUNS WELCOMES MARSHAL JOFFRE AND PARTY

French Commission Reaches U. S. for War Conference.

NOTED FRENCHMEN MET BY OFFICIALS

Former Premier Viviani Among Board—Vessel Was Convoys.

By Associated Press Dispatch.  
Washington, April 24.—The French Commission has safely landed in the United States. This official statement was made early today by the Government.

"The Department of State is advised of the safe arrival of the French Commission."

The commission, which includes Marshal Joffre and former Premier Viviani, arrived early this morning on board a steamship of the French Line, which was convoyed across the Atlantic.

The vessels were met off the coast by American torpedo boat destroyers and escorted to port.

The distinguished commission was welcomed with salutes as the French vessels dropped anchor.

The naval and military attaches of the French Embassy at Washington and American military and naval officers, together with a representative of the State Department, immediately boarded the French vessel and extended a welcome to American shores.

Later the State Department issued this further statement:

"The Department of State is advised that the French commission will reach Washington tomorrow morning. The precise time and place of the arrival will be announced later."

## HIGH SCHOOL PUPILS WILL BE RELEASED

College Students Fail to Respond to Call to Farm—Potatoes Soaring.

By Associated Press Dispatch.

Columbus, Ohio, April 24.—While practically every college in the state has arranged to excuse students for farm labor, the students are failing to respond in large numbers. It was announced today at the state headquarters of the Ohio Defense Council.

As a result of this apathy among students, a state wide appeal was made today to high schools to release their students at once for farm work.

Agricultural recruiting workers will be sent out over the state to recruit at colleges and high schools to secure farm workers.

Reports from farmers indicate that a large acreage of farm land is lying idle because of a scarcity of labor.

## WILSON SIGNS HUGE WAR BILL

Washington, April 24.—(Associated Press Dispatch)—President Wilson today signed the war bond bill authorizing the sale of five billion dollars in Government bonds and two billion dollars in treasury certificates.

There is also a big demand for seed potatoes, and indications are that the acreage will be reduced because of the high price of seed. In Crawford county, seed potatoes are selling at \$5 a bushel.

## PROHIBITION IS MODIFIED BY RUSSIANS

Drinks of Small Alcoholic Content May Be Sold and Wines Manufactured for Export.

(Associated Press Cable.)

Petrograd, via London, April 24.—The provisional Government has modified the rules governing the sale of alcoholic drinks by the introduction of the following regulations:

First, the sale of alcoholic drinks containing a percentage of alcohol in excess of one and one-half degrees is prohibited throughout Russia;

Second, export to foreign countries of grape wines of every kind is permitted, regardless of their percentage of alcohol.

Third, in wine growing districts, the sale of wines produced locally and not containing a percentage of alcohol in excess of twelve degrees is permitted.

Sales of these wines outside of the wine growing district is only permitted in towns, and may be prohibited by the municipal authorities.

## U. S. AVIATOR IS KILLED

(Associated Press Cable.)

Paris, April 24.—Corporal Ronald Hoskier, of South Orange, N. J., one of the stars of the American Flying Corps, has been killed in an aerial combat in the offensive that is now in progress.

Corporal Hoskier was 21 years old and a graduate of Harvard University. He had distinguished himself for daring and brilliancy of operation.

After an encounter with a German machine, Hoskier was seen to fall with his aeroplane, landing within the German lines. The body was not recovered.

## YANKEES EXERCISE THE INTERNED GERMANS

EXERCISING UNDER YANKEE EYES

At Fort McPherson, Ga., the detained officers and men of the German liners seized in American ports are meeting with considerate treatment, including opportunities to exercise, such as that shown in the picture.

## FIRST OFFERING OF WAR SECURITIES IS ALREADY ABSORBED

First Allotment Increased Fifty Millions and Demand Is Heavy.

Rural Banks Are in Lead for the Big Issue of War Securities.

By Associated Press Dispatch.

Washington, April 24.—Heavy over-subscription to the first offering of the new Government war securities resulted in having the initial issue, which is in three per cent treasury certificates maturing June 30, increased from \$200,000,000 to \$250,000,000.

The entire \$250,000,000 thus offered to financial institutions through the Federal Reserve banks already has been absorbed.

The determination to increase the first issue was announced today in this statement by Secretary McAdoo:

"The subscription received by the Federal Reserve banks indicates a very keen interest on the part of the banks, particularly the country banks, in the United States three per cent certificates, due June 30, offered by the Federal Reserve banks on behalf of the treasury."

## GOVERNOR COX NAMES NEW MEN

By Associated Press Dispatch.

Columbus, O., April 24.—Governor

Cox today announced the appointment of F. D. Christian, of Sidney, as a member of the State Board of Pharmacy for the term ending March 31, 1922, and the re-appointment of Robert H. Vollmyer, of Toledo, on the Ohio State Dental Board, and Albert Kern, of Dayton, as trustee of the Ohio Sailors' and Soldiers' Orphan's Home.

## GERMANS ARE MOBILIZING

(Associated Press Cable.)

Rio Janeiro, April 24.—Telegrams received here from Parana confirm reports that the Germans in southern Brazilian states are concentrating in the state of Santa Catharina.

It is believed a German insurrection in the south is imminent.

## TWO MILLION MEN NEEDED FOR FARMING

By Associated Press Dispatch.

Washington, April 24.—Plans for supplying two million workers for the country's farms this summer were announced today by Secretary of Labor Wilson.

## ANOTHER BRILLIANT THRUST IS MADE BY THE BRAVE BRITONS

Working with the Agricultural Department, the Labor Department's employment service will comb the country for men to till the soil.

A preliminary census has disclosed that some two million men will be needed.

Orders went from the Labor Department today to twenty offices and ninety employment stations scattered through the country to begin preparations for finding that number of men.

The first efforts are expected to produce from half a million to a million.

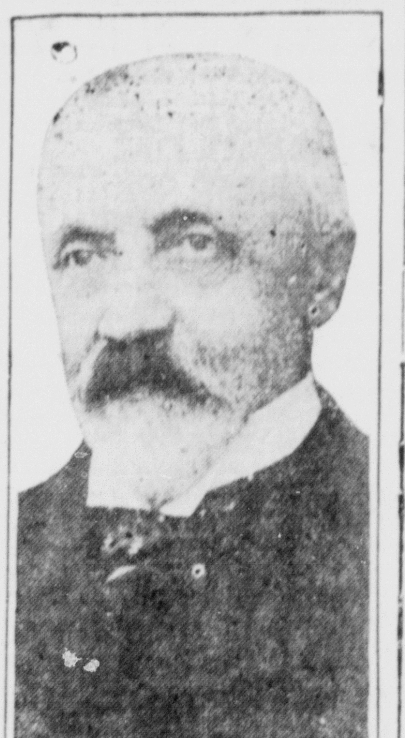

## BONAR LAW'S SON MISSING

(Associated Press Cable.)

London, April 24.—Lieutenant C. J. Law, of the King's Own, second son of Andrew Bonar Law, Chancellor of the Exchequer, is reported to have been wounded in Palestine and to be missing.

Chancellor Bonar Law has four sons and two daughters. His eldest son, Captain J. K. Law, of the Royal Flying Corps, was wounded in France last year.

## RUSSIA'S AMBASSADOR AUTOCRACY BELIEVER; NEW ENVOY IS COMING

BARON ROSEN

The new democratic government of Russia is sending as ambassador to the United States Baron Roman Romanovitch Rosen.

Baron Rosen was Russian ambassador to the United States from 1905 to 1911, when he was succeeded by Mr. Bakhmeteff, who, it is understood, tendered his resignation to the new government shortly after the successful revolution which overthrew the czar. He is said to be a believer in autocratic government for Russia and therefore out of sympathy with the new regime.

Few Russians know the United States as well as Baron Rosen, who, thirty-five years ago, was appointed consul general in New York. Later he was charge d'affaires in Washington during President Cleveland's first administration.

From 1893 to the beginning of the war with Japan Baron Rosen was Russian ambassador to Tokyo, and after his appointment as Russian ambassador to the United States he was selected as one of the Russian peace commissioners at the Portsmouth conference.

St. Quentin Canal is Cut In Latest Blow Administered to Hindenburg Line.

## VICIOUS COUNTER ATTACKS REPULSED

French Preparing for Another Blow on Wide Front—British Make Rich Hauls at Samara.

By Associated Press Dispatch.

While continuing to deliver hard blows upon the German lines in the Scarpe river region east of Arras, where their offensive was resumed yesterday, the British have pushed home a telling thrust in another sector of the great battlefield.

Striking south of the Bapaume-Cambrai road, General Haig's forces gained ground last night along a wide front.

Of greatest importance, however, was the success of the drive in reaching the important waterway between St. Quentin and Cambrai, the St. Quentin canal.

On the main line of the Arras battlefront, the British have not only maintained their positions against the desperate counter attacks the Germans are delivering, but have made additional progress near Roeux.

On the Aisne, and in the Champagne, the French are playing their part in the great battle by keeping up a heavy artillery fire, while preparing for their next important infantry movement.

In Mesopotamia, the British are continuing their victorious progress along the Tigris.

After fighting a hot battle with the Turks south of Samara, 70 miles north west of Baghdad, they occupied the Samara railroad station, capturing sixteen locomotives and 224 railway trucks.

Sofia reports the repulse by the Bulgarians of a British attack in Macedonia between the Vardar and Lake Doiran, which followed drum fire preparations.

## CONQUER RIOTERS

The little news that comes across the German frontier indicates that the authorities in Berlin have gained the upper hand over the strikers, by the drastic method of militarizing the munition industry and forcing strike leaders into the fighting ranks.

The only news from Austria is to the effect that the Pan-German leaders have emerged as victors in the struggle for control of the Government.

This news is vague, however, and comes by a roundabout route. Reliable information as to conditions in the Dual Monarchy is absolutely lacking.

## CHANGE MADE

By Associated Press Dispatch.

Washington, April 24.—The Administration espionage bill, amended so that it would interfere in no way with newspaper criticism of the Government, according to Chairman Webb of the Judiciary Committee, was ordered favorably reported to the House today.

## AMBASSADOR ELKUS ILL AT HIS POST OF DUTY IN THE TURKISH CAPITAL

ABRAM I. ELKUS

United States Ambassador Elkus is seriously ill in Constantinople with spotted typhoid, according to reports from Berlin. The Vossische Zeitung of Berlin says that a German specialist is assisting the embassy physician.

Abram I. Elkus was appointed ambassador to Turkey by President Wilson last July, in succession to Henry Morgenthau. Mr. Elkus previously practiced law in New York city and was well known for the prominent part he took in social betterment work.

Advices to the state department at Washington said Ambassador Elkus contracted typhus fever probably while on a visit to soup kitchens.

## SPAIN SENDS ANOTHER NOTE

By Associated Press Dispatch.

Madrid, via Paris, April 24.—The Government has sent another note to Germany on the submarine question, according to the newspaper El Imperial.

The Cabinet is carefully examining the situation created through the attacks on Spanish steamships, and King Alfonso is in constant conference with the political leaders.

## NATURE OF DEMANDS

(Associated Press Cable.)

Amsterdam, via London, April 24.—A Berlin dispatch to the Cologne Gazette says that the Spanish note has been received in Berlin. It repeats the demand that men and ships be spared.

Commenting on the note, the dispatch says the fact must not be overlooked that it was drawn by Count Romanones, who is no longer at the head of the Spanish Government.

## ORDERED OUT

(Associated Press Cable.)

London, April 24.—The German Foreign Office has notified the American correspondents that have remained in Berlin that their presence in Germany is no longer desirable, according to the Exchange Telegraph correspondent at the Hague.

The American newspapermen, it is added, have therefore decided to leave for Sweden or Norway.

## THREE KILLED

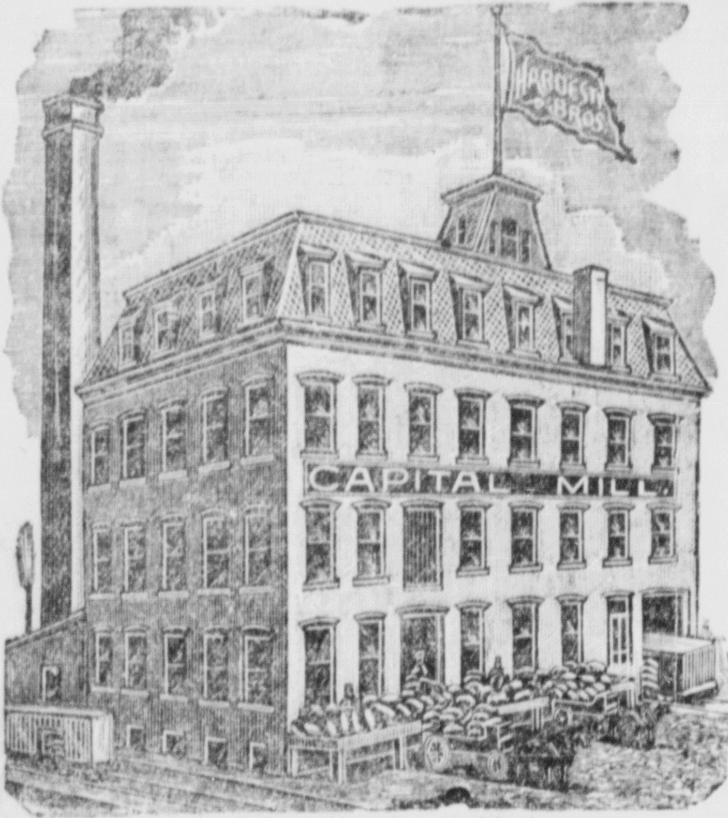

By Associated Press Dispatch.

Birmingham, Ala., April 24.—Three powder workers were killed in an explosion today in the Coalburg plant of the Aetna Explosive Company, near here. The cause of the blast is not known.

The victims were blown to pieces. Several workmen are believed to have been injured. Officers of the company have ordered an investigation.

## D. L. THOMPSON BUYS THE SECOND LARGEST FLOUR MILL IN COLUMBUS

Mr. D. L. Thompson, of this city, has purchased of Dr. Joseph Z. Schoene, the Hardesty flour mill, on west Mound street, Columbus, and will reopen the mill within the next two weeks and assume the management of the plant.

The mill in question is 80 by 140 feet, four stories and basement, and the capacity is 550 barrels per day, making it the second largest flouring mill in Columbus. The price heretofore asked for the mill by Dr. Schoene is understood to have been \$50,000.

In addition to the immense mill with its storage capacity, a mammoth bin of 50,000 bushels capacity is included with the plant.

The brands of flour produced by the mill are Purity and White Frost, and these brands will be continued when the mill is reopened in the near future under the management of Mr. Thompson.

Mr. Thompson closed the deal Monday evening, and will return to Columbus this week to take active charge.

During the next week or two new equipment, such as belts, etc., will be added and everything placed in condition for running.

The accompanying picture is a good one of the big mill.

## FAYETTE COUNTY S. S. CONVENTION OPENS TOMORROW

The annual convention of the Fayette County Sunday Schools will be held at Grace M. E. Church, Wednesday and Thursday, and the opening session will be held tomorrow afternoon, with County President Lyman B. Wilkins, presiding.

All Sunday School of the county are expected to have delegates at the

convention, and every effort is being made to make the convention a thorough success.

A feature of Wednesday evening's session will be the Boys' and Girls' Congress, and all boys between the ages of 13 and 20 years will meet at the Y. M. C. A. building. At the same time all girls of the same age will meet in the Christian church.

Following is the program for Wednesday.

- 1:30 Hymns That Inspire.
- 1:55 Scripture Reading.
- 2:00 Convention Prayer Service:
  - (a) Silent Prayers.
  - (b) Sentence Prayers.
  - (c) Closing Prayer, led by Rev. Sudlow, followed by Lord's Prayer in unison.

- 2:15 Reports from Delegates on How the Work Has Gone Forward, in Class, School, Township and County; led by Mr. Lyman B. Wilkins.
- 2:45 President's Annual Message. By the President, Mr. Lyman B. Wilkins.
- 3:00 The Christian's Thot Life. By Mr. Arthur T. Arnold, General Secretary Ohio S. S. Association.
- 3:45 Appointment of Committees—Nomination, Resolution, Finance Ohio S. S. Worker. Enrollment of Delegates. Social Session.
- 3:45 Executive Meeting of County and Township officers. (Important.)
- 6:30 Shnday School Parade, forming at the Y. M. C. A. and marching as directed. (Washington Band) Night Session
- 7:30 Service of Praise.
- 7:55 Prayer by Rev. G. H. Groves.
- 8:00 The Spiritual Ideals and Aims of Our Elementary Standard, by Mrs. Phoebe A. Curtis, Elementary Supt. Ohio S. S. Association.
- 8:30 Special Music.
- 8:35 Constructive Work in the Sabbath School, by Mr. Arthur T. Arnold, General Secretary. Offering. Announcements.

## IMPERIAL STAFF LEAVES THURSDAY

Imperial Degree staff, of Odd Fellows, has completed arrangements for the trip to Marion, Ohio, Thursday, where the staff is the big attraction at the dedication of the new \$50,000 Odd Fellow temple in that city, and where 3,000 Odd Fellows are expected to gather for the event.

Imperial staff completed its final rehearsal last Sunday afternoon, under the direction of Captain H. D. Chaffin, and will leave Washington 80 song, on the 5:08 train Thursday morning, going to Columbus where a special train has been provided for the accommodation of the staff.

The team will leave Marion sometime Thursday night and reach this city early Friday morning.

## NEW ROADWAY IS OPENED TO PUBLIC

Contractor O. M. Junk, who has the contract for building the paved roadway from the city limits to the Townsley home, Saturday afternoon opened two and one-half miles of water-bound macadam roadway on the New Holland and Williamsport pike, starting near the Railroad crossing in East Holland and extending to near Atlanta.

The section of road just completed by Mr. Junk has been accepted by the State and is regarded as an exceptionally good piece of work.

Mr. Junk has moved his equipment to the job in this county, and will now push it to completion.

## CIRCLEVILLE PIKE IN BAD CONDITION

Probably no section of the proposed Sherman-Sheridan highway is in worse condition generally than some four miles of the New Holland pike, between this city and Johnson's Crossing, where for some distance in many places the road is literally filled with chuck holes and ruts, with enough loose, crushed stone at other points to make traveling by automobile anything but pleasant, and as a result motorists are shunning that section of the road whenever possible.

It is planned to rebuild the road within the next year or two, and it is the consensus of opinion that it cannot be rebuilt too quickly.

## TROPHIES FROM EDISON'S HOME

The Summers & Son's Piano Co., have an interesting display in their show window, kindly presented by Elmer Trump, who brought the trophies home from the winter home of Thomas A. Edison in Ft. Meyers, Fla. In the exhibit are found a piece of coconut bark, woven like a fabric, Spanish moss leaves of the gum tree and a picture of Edison and his winter home.

Mr. Trump figured the trophies from the Edison home would be fitting in the store where the Edison machine is sold.

**PYTHIAN SISTERS.** Regular meeting of Washington Temple, No. 380, Tuesday evening, April 24th, at 7:30 o'clock. Every member of staff urged to be present. Practice.

**ROSETTA WILSON, M. E. C. GRACE HYER, M. R. C.**

Mr. J. Star Smith was a visitor in this city Monday evening, enroute from Columbus to his home in Bainbridge.

## BARNS BURNED DURING STORM MONDAY NIGHT

Ed Severs, on Wilmington Pike, Loses Barn and Implement Shed, and Large Barn Near Luttrell, Also, is Destroyed by Lightning.

Two large barns were completely destroyed by fire, due to lightning, about twelve o'clock Monday night, during the heavy storm, or series of storms, which swept central Fayette and upper Clinton counties.

One of the barns was that of Ed Severs, on the Wilmington pike, a short distance from this city, and the other was on the Burris farm over the Fayette county line in Clinton county. The latter caused a heavy loss to the owner, virtually everything in the barn being destroyed with the structure.

The Burris barn, located on the J. L. Burris estate, burned rapidly, and eight head of horses were burned, together with farm machinery, harness, hay, etc. Two fine horses and a span of mules were removed. Large granaries, filled with corn, were saved. Many years ago a burn on that same site was burned and at the time eight head of horses were burned. Messrs Burris were in this city Tuesday, looking for horses with which to continue their farm work.

On the Severs farm the bolt started a fire which spread rapidly, but which was noticed immediately by Mr. Severs, who dressed hurriedly and rushed to the barn to rescue four valuable horses in the structure, including his two stallions, Groom and Seattle. It was with the greatest difficulty that he succeeded in forcing the horses out of the burning barn, and by the time he had saved the horses the barn was burning so rapidly and was so nearly destroyed that he was forced to leave all other contents and turn his attention to keeping the fire from spreading to the house, which was being showered with fire-brands, and was saved only by the heavy downpour of rain which accompanied the storm.

In addition to the barn, which contained a quantity of straw, hay, seed corn, harness and other material, the implement shed was destroyed and all farm implements and machinery it contained were ruined.

Mr. Severs carried \$400 insurance on the barn, and his loss will be quite heavy. He expects to rebuild during the coming summer.

## PARENTS'-TEACHERS' CHERRY HILL SCHOOL

The final meeting of the Parents'-Teachers' Club of Cherry Hill School will be held on Wednesday evening, April 25, beginning at 7:30 p. m. The program follows:

- Patriotic Song and Flag Salute.
- Business Session.
- Violin Solo. . . . . Lyman Fitzgerald.
- Paper—"The Influence of the School upon the Home Life of the Child." Mrs. Regina Staebus.
- Solo. . . . . Miss Mary Ren.
- Discussion led by Mrs. Carrie B. Wilks—"The Home and School Garden."
- Social Hour.

LILLIAN TAYLOR, Secy. & Treas.

## ONLY "WILFUL" TO BEAR THE PENALTY

Only the taxpayer who "wilfully" refuses or neglects to make his tax returns by May 1st will be assessed the 50 per cent penalty provided by law, although all who neglect to have their returns in the County Auditor's office by May 1st will lose the \$100 exemption. This applies whether the delay is "wilful" or otherwise.

County Auditor Fine is extending every courtesy possible to all taxpayers, and with his entire office force is working early and late in rendering assistance to those who desire it.

An avalanche of returns by mail have been received this week, and most of them are all right.

## TO ASK MILLERS FOR WAR FLOUR

Columbus, O., April 24.—Governor Cox says he will appeal to Ohio millers to grind and market war bread flour, usually called "whole wheat flour." This, it is believed will serve to conserve the wheat supply and be more economical to the farmers. According to F. H. Turner, secretary of the Ohio Millers' Association, four bushels and ten pounds of wheat will produce a barrel of whole wheat flour whereas five bushels of wheat is necessary to produce a barrel of white flour.

## DEEP INTEREST IN CONFERENCE BEFORE "DRIVE"

Luncheon at Y. M. C. A. Last Night Marked By Interest Taken in Move to Clear Association From Debt—Part of Teams Chosen.

The two-day campaign for \$16,000 for the local Y. M. C. A. was given a great boost at an enthusiastic meeting of the business men, who are to assist in the enterprise, held at the Association building, Monday night. Chairman Will M. Campbell presided. Brief addresses commending the work of the local "Y" were made by Henry Brownell, M. E. Hitchcock, Howard Hegler, Walter W. Hamilton and others. E. L. Mogge of Indianapolis, director of the campaign, outlined the plans for the work of solicitation and made an earnest appeal for aggressive co-operation. General Secretary Walter Patton said that the results of this effort would largely determine his further connection with the work of the Y. M. C. A. in Washington Court House. There was a very general response on the part of those present indicative to go the limit to make the campaign a complete success.

The active work of the campaign begins at sunrise tomorrow morning and will continue until midnight Thursday with unremitting vigor as everything is conditional on securing the entire \$16,000 in the two days. The first report of the workers will be given at a noon lunch tomorrow when the team members are asked to assemble promptly at 12:15 at the Y. M. C. A. building. Another report will be made at nine o'clock tomorrow night and the same schedule will be carried out on Thursday. The executive committee urges that other business men not present last night or not already assigned to one of the six teams, attend the noon lunch tomorrow and arrange to assist in the movement. The leaders stress the viewpoint that this is not all effort alone for the Y. M. C. A. but is a campaign for the best interests of the entire city and Fayette county.

The men who have thus far been assigned to teams to help win in this important enterprise are Messrs. Will Campbell, W. W. Hamilton, R. S. Peeddicord, Dr. O. D. Maddox, M. E. Hitchcock, Thos. Craig, J. E. McLean, Henry Brownell, M. S. Daugherty, W. A. Tharp, Will H. Brown.

## Same as Real Money

Perhaps it's because when we see them we realize just how much they are worth in dollars and cents, perhaps it's because everyone of them, large and small, black, white, red or spotted looks like "real money" but it does seem that there are more fine looking young pigs in Fayette county this year than for a long time.

It is too early yet for the reliable—the authentic—statistics to give us the exact number of young porkers we have this year and men who know about the live stock conditions and especially those who make it a business to keep posted on the probable number of hogs and cattle which the farmers of the county will sell to market during the year, have different opinions as to the number of young pigs now scampering about the clover fields. The majority of the expert, but unofficial, opinion seems to be that the number of pigs this spring is below the average for the county at this time of year.

The porker has always been one of the big money getters for Fayette county farmers, save only when the dread cholera raged. This year the pig is more than ever the big money product of the farm. More than ever, if the farmers hereabouts were not so prosperous, the pig would be entitled to be known as the "mortgage lifter." At prevailing prices for hogs, which promises to continue for a long time yet, it would indeed be a heavy mortgage which a bunch of hogs couldn't lift.

In addition to the most advantageous prices for hogs science has stepped in and reduced the danger of loss by cholera to a remarkable extent.

## What of the Submarines?

That's rather a startling rumor which attributes to a prominent Englishman the statement that in one day the cruisers and destroyers of the British navy had captured twenty German submarine boats. If that rumor is correct, and it will require official confirmation before it is accepted, the submarine blockade is a failure and the awful campaign of "ruthlessness" which the Imperial German government elected, deliberately to follow has been a wretched and a frightfully costly mistake.

The method of capture which this very interesting rumor attributes to British sources is novel and effective. Having located the submarine bases the British gun boats demolish them leaving the submarine crew the alternative of coming to the surface and surrendering or starving at the bottom of the sea.

But true or not—something is evidently happening to German submarines. They are not doing the terrible execution that the world was promised they would do—that they were capable of doing—as a justification for disregarding all international law and all the laws of humanity.

Whether the activity of the British fleet is responsible for that or whether the German naval power overestimated the effectiveness of the under sea craft, matters not. The fact remains that the submarine campaign thus far has fallen far short in its work of destruction.

Terrible it is true the campaign has been, and is, terrible enough to shock every civilized nation of the earth but not terrible enough to be effective and that after all is the most terrible part of it—that the wanton destruction of life and property has not been a determining factor of the war.

## "Nothing Doing" Politically

This is no time for politics and every statesmen and every politician knows it and conducts himself accordingly. There is no stage play about it, no talk for affect while the old trouble some game of office seeking and advantage taking is played on the sly and in secret. Everyone has forgotten politics in the discharge of the greater duties and in the endeavor to take advantage of the many opportunities to be of service to the nation.

As illustrating just how sincere and universal that feeling is one incident of last week will suffice.

Ex-Chairman Parmenter of the republican state committee was asked by one of the representatives in the national house of congress what the sentiment of his constituency was, in the opinion of Mr. Parmenter, on certain proposed legislation.

Quick as the mails could carry it back to Washington the answer came "stand by the President; he is in touch with conditions, the people have confidence in his wisdom and honesty and vote for what he recommends. That's the sentiment of your constituents."

Under normal conditions there might have been some jockeying, some blocking for political advantage. But not now. That's patriotism and that's Americanism. That was a straight and honest answer.

It expressed the sentiment not only of that particular congressman's constituency but of the nation.

The question of "what's doing politically" now days always brings the same answer "nothing" and nothing is absolutely right.

## Poetry For Today

THE CROSS AND AMERICA.  
Is this, O Christ, what means the cross?  
America must gain through loss?  
We see Thee go to Calvary.  
Thy doom, that men might live, to die.  
Must freedom stand by agonies,  
And bloodshed pay for liberties?  
Is this our cross, the one of War,  
Like that of sin the Master bore?  
Art Thou now saying, "Follow me,  
That might destroy not liberty?"

In that clear light we see Thee shine,  
Which men agree to call divine.  
The darkness passes and all the shame;  
And glory dawned upon Thy name.  
And through the clouds that closed  
Thee in.  
We see the sacrifice for sin.  
And now the cross Thou bidd'st us take,  
For righteousness' and justice' sake.

In that high law which Christ obeyed,  
We find the path for us displayed.  
From death comes life, from loss all gain;  
By toil and blood we heights attain.  
Then treasure and our lives we bring,  
And count them but a little thing.  
We here now yield our sacrifice;  
Accept, O Lord, the sacred price.  
And when the holy debt we pay,  
May right shine forth like fairest day.  
—Calvin Dill Wilson.

## MORGAN BUSY ON OBTAINING MEMBERS

Cincinnati, April 24.—Tom M. Morgan, Field Secretary of the Sherman-Sheridan Highway Association spent last week along the way between Cincinnati and Washington C. H. Arrangements have been made for a three day membership campaign, May 1, 2, 3, at Wilmington and three days, May 8, 9, 10, at Washington C. H.

Each of these counties expect to raise fifteen hundred members to the association. This week Mr. Morgan is holding a series of meetings at Rushville, White Cottage, Zanesville and other points along the way. Interest in the movement appears quite as intense as it was in the beginning, so much so in fact that a number of counties have already taken the initiative in making highway serviceable. In both town where a membership campaign will be put on and the work will be systematically done. It is the intention of the Field Secretary to hold a membership campaign in every county along the way so that the Association may have a force large enough to do things in the matter of highway promotion.

## Our 5%

Certificates of Deposit Are The Safest and Most Desirable Investments—The Buckeye State Building and Loan Company, Rankin Building, 22 W. Gay St., Columbus, Ohio.

6. Appraisers. These certificates are secured by first mortgages on homes and farms, and these are appraised by experts experienced in real estate values. So carefully have these appraisers done their work, the company owns no real estate whatever — a fine record of conservatism. Assets \$13,500,000.00.

## NOTICE TO MEMBERS HOME GARDEN CLUB

The government garden seeds have arrived and same may be secured by calling at the office of Dr. Fred D. Woollard, Secy, Masonic Temple. At the same time secure blanks upon which the members are expected to tabulate the year's work.

## CHANGE OF PLACE

The boys will meet in the Y. M. C. A. for their session in the Boys' and Girls' Congress instead of in Grace church as announced.

## MARRIAGE LICENSES

Edw. D. PINE, Secy.

### PERSONAL PARAGRAPHS.

Mr. Harry Hiser of Millledgeville spent the first of the week in Columbus.

Dr. Evan Brock was called to this city professionally Monday night.

## DEMAND FOR TYPISTS IS ON THE INCREASE

By Associated Press Dispatch.

Columbus, O., April 24. — Demand for stenographers and typists by private industrial concerns has caused a threatened shortage of this class of workers in state offices and the Civil Service Commission is preparing to call for an examination next month for grade c stenographers.

Only 20 applications were received in the last call. Should there be a call to arms, many men employed in state offices would be taken from their work and girls will be needed to take their places, it is said.

## MAKING WAR ON HIGH LIVING COST

By Associated Press Dispatch.

Columbus, O., April 24. — Mayor George J. Karb of Columbus, chairman of the Ohio Mayors executive committee, co-operating with the council of National Defense, estimates that there will be produced in back yard gardens in Columbus this year \$500,000 worth of produce if the season is favorable.

Already more than 2500 vacant lots have been plowed by the city, and there are about 500 more to plow. A tractor loaned to the city by a local manufacturing concern was used by the city in plowing the vacant lots, free of charge.

## OHIO CANNERIES AGREE TO HELP CONSERVE TIN

By Associated Press Dispatch.

Columbus, O., April 24.—F. M. Shook, secretary of the Ohio Canneries Association, has advised the Ohio Branch of the Council for National Defense that the canners of Ohio will adopt the suggestion of the council by dis-

continuing the canning of such non-perishable foods as beans and hominy in order to conserve the supply of tin and devote their attention more to the canning of such products as sweet corn, tomatoes, peas, green beans, etc. Last season's pack of beans and hominy in Ohio was more than 14 million pounds.  
Most of the corn and beans grown for the 150 canning factories in Ohio, Mr. Shook says, are supplied from outside the state. Attention is called to farmers who are planting large acreages to grain formerly used for growing crops for canning factories, that the canners are paying to the farmers an increase of 35 per cent on crops grown for their use in the hope that more acreage may be planted in products for the canneries.

## STUDENT WITHDRAWAL CAUSE OF FRAT CLOSING

By Associated Press Dispatch.  
Columbus, O., April 24. — Because of withdrawal of more than 500 agricultural students from college to work on the farms in response to the call of the government, the three agricultural fraternities at Ohio State University have found it necessary to close their frat houses. Approximately 500 agricultural students have withdrawn from the college.

## In Social Circles

St. Colman's church was the scene of a small but exceedingly pretty wedding Tuesday morning at seven o'clock, when Miss Marie Meyers, the very attractive daughter of Mr. and Mrs. John H. Meyers, became the bride of Mr. Robert Tevens.

Rev. Fr. Fogarty officiated at the ceremonies, of which the beautifully solemn music of the nuptial hymn was a marked feature.

The mass was sung by the men's choir composed of Messrs. Thomas Cullen, Fred Simpson, James McDonald, Aloysius McDonald, Edward Cullen.

Aloysius McDonald sang the beautiful baritone solo "Ave Maria" exceedingly well.

Miss Margaret McDonald organist, played perfectly the Lohengrin march, summoning the bridal party, and the Mendelssohn march at the close.

The altars blazing with electric candles and decorated with pink and white carnations and garlands of green were lovely and formed effective setting for the bridal tableau.

Only the immediate family and a few close friends witnessed the plighting of the troth. The young couple were attended by the bride's sister, Miss Katharine Meyers, the maid and Mr. John Hagerty a cousin of the bridegroom as best man.

The bride, who is a beautiful girl of the brunette type, was radiant in a stunning coat suit of Labrador blue Satin Francaise; Georgette blouse to match; smart hat of the blue with Bird of Paradise, gloves and shoes ensuited. She carried a white prayer book and rosary.

The maid looked very pretty in a modist coat suit of dove gray Satin Francaise, shell pink Georgette blouse hat, shoes and gloves of the same shade of gray. She also carried a

white prayer book.

Immediately following the ceremony an elaborate wedding breakfast was served at the home of the bride's parents.

The bridal table was a picture with immense bride's cake, handsomely ornamented, in the center, with surrounding embellishment of pink and white carnation and smilax.

The color scheme was carried out in the courses of delicacies.

Eighteen guests were seated with the bride and groom. Miss Alice Meyers a sister, found the ring in the cake; Mrs. Oscar Kelhofer, the dime and Mrs. M. J. Hagerty the thimble.

Many handsome wedding gifts were viewed by the guests.

Mr. and Mrs. Tevens left on the evening train for Chicago. Upon their return they will go to housekeeping in the property of Mrs. Mary Rulov, on Van Deman avenue, Millwood, which is already costly furnished and in readiness.

The well wishes of a host of friends attend the nuptials.

The bride is a graduate nurse of the Fayette Hospital where she was a favorite as she is in whatever circle moving.

The bridegroom is also popular. He has held a position in the P. Hagerty Shoe Co. for some time and has won both the liking and high regard of both firm and employees.

Mrs. John Ambrose, of Cincinnati, Mr. and Mrs. Homer Rulov, of Columbus, were among the wedding guests.

The Daughters of the American Revolution are announcing the date of Monday, April the thirtieth, for the presentation of the patriotic photograph, "The Eagle's Wings," which they have had much difficulty in securing.

This play has been endorsed by Secretary Baker, of the War Department,

and by Secretary Daniels, of the Navy Department.

The Council for Defense of the United States has a private permit for the film, which was shown on the program of the National Security League recently in session in Washington, D. C.

It is pronounced a drama of thrills and paramount interest, under present conditions.

The Daughters are bringing this play to Washington with the double purpose of giving people the opportunity to see it and of raising a preparedness fund.

The Eagle's Wings will be shown at the Wonderland Theater.

Mr. and Mrs. John Baker, former residents of Fayette county, were delightedly surprised at their home near Springfield, April 22nd; the event being a birthday anniversary.

The following were present: Mrs. Nancy Baker, Miss Trilba Leath Washington C. H.; Mr. and Mrs. Wm. Yoder, Mrs. Rebecca Todd, Miss Emma Baker, Rev. and Mrs. Byers and Mr. L. L. Michael, Springfield; Mr. and Mrs. J. C. Brown, Miss Delcie Brown, So. Charleston; Mr. and Mrs. Chas. Farrell and sons, Ralph and Clarence, Miss Helen Farrell, Mr. and Mrs. Elmer Saums and son, Eliza, Millcreek, Mrs. George Dietrick and son Claude, Basil, Miss Lulu Brown, Columbus; Mr. and Mrs. Clarence Sigman, Misses Adda and Vera Ponter Ray Fultz, Jeffersonville.

Monday night witnessed another marked occasion of combined pleasure and interest in Royal Chapter, No. 29, O. E. S., initiation.

A large number assembled in the Temple and there was a class of six candidates. They were Mr. and Mrs. Chas. Goens, Mr. and Mrs. Ralph Braden, of Good Hope; Mrs. E. N. Hollaway and Miss Fannie Hyer, of this city.

The ceremonies of the initiation were admirably conducted by Miss Clara Davis, Worthy Matron, and Mr. Ralph Penn, Worthy Patron.

An excellent two course supper, served by Mrs. Charles Sever, was attended by merry sociability.

White snapdragons and greenery formed artistic table decorations.

Two well known families of the northern part of the county were united in the marriage of Miss Lou Straley and Mr. H. R. Garringer, at the home of the bride's parents, Mr. and Mrs. E. D. Straley, of near Jeffersonville, last Saturday evening.

The wedding guests were confined to the immediate families.

Rev. McKinnon performed the ceremony, which was followed by an elaborate dinner of numerous courses. Carnations in rose and white and smilax were prettily used in the decorations.

Both Mr. Garringer, a prosperous young farmer of the Jamestown pike, near West Lancaster, and his lovely young bride have the best wishes of a host of friends.

The bride's gown was of Copenhagen blue silk, and Georgette crepe in effective combination.

## PERSONALS

Mr. and Mrs. J. C. Miller left Monday for Martinsville, Ind., where Mr. Miller will take the baths for the benefit of his health. Mrs. Miller goes on to Metropolis, Ill., to visit her son and family.

COMING MONDAY—"The Eagle's Wing."

# ALEXANDER PRICE, FROM PHOTO TAKEN IN THE DAYS OF '61

Mr. Alexander Price, formerly of this city, now of Middletown, and who is visiting relatives here this week, has an interesting photograph taken in Gallipoli while he was on his way to the front during the stirring days of sixty-one, to fight for the preservation of the Union, and the accompanying picture is made from the photograph taken at that time.

Mr. Price is still hale and hearty at 79 years, and just as eager to do something for his country today as he was when he responded to the call to arms as a youth.

Alexander Price was born in Shepherdstown, Jefferson county, Virginia, on August 25th, 1838.

ALEXANDER PRICE,  
On His Way To The Front In '61.

He was educated in the three R's and worked for a number of his earlier years in his father's factory in July, 1857, the family moved to Washington, D. C., where they were still living in 1861, when on December 13th, the son, Alexander, at the age of 24 years, enlisted his services for the Union cause.

He served in Company C, 60th Ohio Volunteer Infantry under Captain George B. Gardner and Colonel W. H. Trimble. The generals who had command at different times were Fremont, Pope, White and Mills.

After the war and after receiving an honorable discharge Mr. Price returned to Washington, D. C., where he became actively engaged in carpenter work.

## DINE WITH WILSON

(By American Press)  
Washington, April 24. — Foreign Secretary Arthur James Balfour, formally presented by Secretary Lansing to President Wilson in the morning, was the guest of honor at a dinner given at the White House. British Ambassador Spring-Rice and all the ranking members of the British commission were invited to meet the president and Mrs. Wilson, the members of the cabinet, Chief Justice White, the advisory committee of the council of national defense and others.

The British commission announced that its purpose in coming to this country was purely one of co-operation, service and gratitude and that from now on the direction of the conferences would rest largely with the American government. No formal conferences may be begun until the arrival of the French commissioners, who are expected in the next few days.

Washington, April 24. — The council of national defense would be charged with the regulation of the price of foodstuffs, wearing apparel and fuel during the war with Germany and for a year thereafter under the terms of a bill introduced in the house by Representative Good of Iowa.

## THE OLD RELIABLE STILL IN THE LEAD

New potatoes, new green beans, curly lettuce, rhubarb, Texas Bermuda onions, radishes, apples, oranges, bananas, grapefruit, fancy old potatoes. Price is high but stock is fine; sugar, flour, beans, eggs, all higher. Will sell as low as possible. Clean house with Killo; kills all germs, bugs, moth, bad odors, and will put your house in a sanitary condition, 15c and 25c per box.

Yours,  
J. W. DUFFEE & CO.  
The Old Reliable Cash Grocers.

# A Question of Community Pride

Dear Fellow Citizens:—

The Two Days, Wednesday and Thursday, April 25 and 26, are to be RED LETTER DAYS in Washington Court House and Fayette County.

These Two Days are to be devoted to a special and united effort by the citizens to meet an urgent need and sixty representative business men have taken the leadership in this important civic movement.

During these Two Days the people of Washington Court House and vicinity are asked to co-operate in completing a project well begun seven years ago, but never finished.

THE PROPOSITION is to raise \$16,000 for the Washington Court House Young Men's Christian Association to remove all indebtedness, make necessary repairs and improvements and provide adequate operating expenses for 1917, thus increasing the scope and efficiency of the work in our city.

This Clean-Up Campaign is to be conducted for Two days only—April 25 and 26—and on the "All or None" basis. This means that the entire \$16,000 must be secured by next Thursday night or not a single dollar subscribed will be binding. The next page will explain why \$16,000 is required at this time.

The existence of debt has handicapped the local Y. M. C. A. from its beginning seven years ago. Despite this handicap a variety of activities have been promoted and some gratifying results secured. Yet it is apparent that the lack of adequate funds has curtailed the usefulness of the Association and at present is a positive menace.

A recent conference of some of our business men determined that the Association deserved a chance, free from debt, to meet its larger opportunities, and that the present was a favorable time to make a concerted effort to put the Association on a sound financial basis for the first time in its history.

The present effort means BUSINESS. Sixty men, as your representatives, are giving their valuable time from the standpoint of civic pride and public spirit, to personally present the appeal to the citizens. If there is a prompt, general and generous response, the money will be raised in the Two Days. We trust that you will gladly respond and do your full proportionate share. Subscriptions are payable by June 1, 1917. \$2,000 is at stake as a conditional gift available only if the Association is free from debt by June 14, 1917. It is a question of community pride that this movement succeed.

THE EXECUTIVE COMMITTEE.  
WILL M. CAMPBELL, Chairman.  
M. S. DAUGHERTY  
J. E. McLEAN  
WALTER W. HAMILTON  
DR. O. D. MADDOX  
R. C. PEDDICORD

## Why \$16,000 is Needed By The Y. M. C. A.

The original building campaign in 1910 secured \$40,000 in subscriptions, but included some verbal pledges which were not paid. Of the \$40,000 but \$28,000 has been received, leaving a shrinkage of \$12,000.

A larger investment was made in the erection of the building than was originally contemplated. The building is a credit to any city of the population of Washington Court House.

The property investments made in the beginning were as follows:

Lots .....	\$ 8,000.00
Building Contract .....	30,000.00
Extra Building Items .....	2,000.00
Equipment .....	5,000.00
	\$45,000.00

With but \$28,000 available and additional expenses for administration it is apparent that debt was unavoidable. The necessity of borrowing funds to meet the building contract created interest charges, which further added to the debts.

In 1913 a campaign was conducted, extending over a number of months, to secure \$25,000. It was thought this amount would provide for all the financial needs of the Association at that time. Sufficient allowance was not made for interest, current expenses, shrinkage, necessary repairs and improvements, and when these were provided for it still left a mortgage of \$10,000 on the main building. Included in the \$25,000 were some subscriptions for long term payments, part of which are not yet due. The status of the \$25,000 fund is as follows:

\$2,000.00	Humphrey Jones' conditional subscription, payable only when I will completely free the Association from debt.
500.00	Millikan estate.
1,749.42	Good subscriptions outstanding.
863.55	Pledges now of questionable value.
\$5,112.97	

This \$25,000 fund was handled in a most efficient manner by Mr. Wm. Worthington up to the time of his death, this gratuitous service on his part being one of the most notable contributions to the work of the Association.

The Chas. M. Stimson building was erected in 1913, adjoining the main building and the three floors are now used respectively for boys' work, club and assembly rooms and dormitories. Mr. Stimson's gift consisted of \$7,000.

The Sharp Memorial building was given to the Association in 1910 by Mrs. M. B. Sharp Davies. Until last year the Association has paid Mrs. Davies an annuity of \$1200, which is now reduced to \$600. There is some revenue from the rentals of this building in excess of the expenses, varying according to occupancy and cost of upkeep.

During the recent years there have been additional

expenses for installation of hot water system, concreting of basement and finishing two floors of the Stimson building, laying of concrete walks, plumbing and other very necessary repairs. These items could not be taken care of without borrowing money, as the income from memberships and rentals was not sufficient to meet the regular operating expenses.

## Not Self-Supporting

It is not designed that a Y. M. C. A. be self-supporting from its membership fees as this would necessitate rates so high as to make them prohibitive to young men on small wages and the boys who most need the privileges and opportunities of the Association. Because of the value of the Y. M. C. A. to the community, business men by annual contributions make up the difference between income from privileges and the actual operating expenses. This has not been adequately done in Washington Court House and consequently there has been an annual deficit and an accumulation of indebtedness on current expense.

In the boys' department the boys are permitted to pay the dues in very small installments in order that they may have the privileges.

## Think of This Important Fact

Over \$5,000 has been paid out for interest charges since the beginning of the work. This money therefore could not be used for the actual work of the Association.

Get rid of the debt and these interest charges will cease forever and the money now being used for interest can be applied in important constructive directions for the building of boyhood and manhood.

The present total property valuation of the Association is as follows:

Lots .....	\$ 8,000.00
Main building .....	30,000.00
Stimson building .....	9,000.00
Sharp Memorial building .....	16,000.00
Equipment .....	10,000.00
Total .....	\$73,000.00

## The Present Requirement

Mortgage .....	\$10,000.00
Current Expense .....	
Bills payable .....	2,740.00
Note .....	1,000.00
Needed for 1917 .....	900.00
Interest and Taxes .....	540.00
Repairs, Improvements and contingent fund .....	800.00
Total .....	\$15,980.00

## After The Debt Is Paid

THE WORK OF THE ASSOCIATION CAN BE HANDLED IN A MUCH MORE SATISFACTORY BUSINESS MANNER

### BECAUSE

\$700 now being paid annually for interest will go to pay other operating expenses.

The time of the general secretary and directors will be devoted to planning and pushing the work instead of so much time and thought being diverted by financial problems.

A larger and better type of Y. M. C. A. work will be done, thus attracting more members, which means increased revenues and correspondingly less money to be raised by subscriptions from business men.

With available funds for a good clean-cut business administration some bills can be discounted and better contracts can be secured for fuel and other supplies.

The amount required after this year for current expenses will be but a nominal one and will not prove a tax on the community—if the debt is paid.

## SERVICE STATEMENT

### What the Washington Court House

#### Y. M. C. A. is Doing

Membership—Men, 182; Boys, 114; total, 296.  
Enrolled in gymnasium classes, 140. Attendance—boys, 2903; men, 1038.  
Swimming classes, 76; 58 taught to swim.  
18 hikes—average attendance, 22.  
34 young men in dormitories. 260 transients accommodated during year.  
Sunday School basket ball league—8 teams; 8 men each.  
72 enrolled in Bible study. 40 sessions conducted.  
19 Saturday dinners for boys. Cost 10c. Average attendance, 26.  
32 attendance at summer camp.  
160 attendance at Father and Son banquet.  
Gymnasium and swimming classes for ladies and girls.  
Educational classes in bookkeeping and sign card writing.  
World's champion jumper developed through local Association.  
School athletics conducted.  
112 boys participated in street cleaning.  
88 in attendance at Laymen's missionary banquet in building.  
Boys laid concrete walk in front of building.  
Special service rendered members of National Guard.  
Annual circus—an important Association event.  
Boys' department with own governing committee.  
Boys' work conducted on Merit System with points scored for attendance and efficiency in gymnasium and Bible classes. Emphasis placed on character.  
Boy Scouts' headquarters.  
Dutch Treat Club hold regular Thursday luncheon meetings in building.  
Other organizations using Association building are Ministerial Association, Federated Clubs, Corn Show, County School Teachers, W. C. T. U., Cooking School, etc.  
General Secretary served as Chairman of Executive Committee for Tabernacle meetings, and the Association leaders co-operated in all civic movements.  
The most important work of the Association in personal counsel and help and the "life problem" service cannot be reported in statistics.  
The work and the results of the Association can be largely increased when the financial handicap is removed.

## It Is a Question of Community Pride

## GUILD KENSINGTON

Mrs. W. B. Woodward will entertain the Woman's Guild of the First Presbyterian church Wednesday afternoon at two o'clock. A cordial invitation is extended to women of the church and their friends.

Sealed proposals will be received by the Board of Education of Bloomington Village School District, Fayette County, Ohio, until 12 o'clock noon, standard time, on Tuesday, May 22, 1917, for furnishing all material and performing all labor necessary for the erection and completion of an addition to the present six room school building in said village, according to the plans and specifications prepared by J. Howard Hicks, Architect, Washington, C. H., Ohio.  
Plans and specifications will be on file with the clerk of the Board of Education and with the Architect.

Bids will be received for the whole work, including heating, or separately for general construction and heating.

Each bid must be made according to State Laws governing such work and upon blank forms furnished upon application to the architect of the Clerk of said Board, and must be plainly marked "Bid for erecting addition to present school building."

Each bid must be accompanied by a certified check or surety bond in the amount of \$250.00, conditioned that if said bid be accepted, that the successful bidder will immediately enter into a contract and give bond in the sum of 25 per cent of the contract price, with sureties satisfactory to the Board of Education.

Each bid must contain the name of every person interested in the same. The Board of Education reserves the right to reject any or all bids.

FRANK MCCOY,  
Clerk.

# Kyanize VARNISH

## Floor Finish

You can have beautiful varnished floors that defy the hardest heel or the heaviest furniture to mar or mark them—if you will use Kyanize Floor Finish.

The Kyanize Line of Finishes and Lacquers

Eight popular colors make this wear-resisting varnish ideally suited for all interior varnish work—furniture as well as floors.

SAVE THIS AD. It is valuable. Present it at the store with 10 cents for a good brush to apply the Kyanize—and we will give you a 4 pint can free—any color you want.

STANDARD OIL  
COMPANY HELD  
RESPONSIBLE

High Gasoline Prices  
Laid at Door of  
John D.'s Company  
—Federal Commission Gives  
Pointers.

By Associated Press Dispatch.

Washington, April 24.—Domination of the gasoline industry by Standard Oil interests, the federal trade commission reported to the Senate today, has been largely responsible for high gasoline prices of the last two years. The report, written after an exhaustive investigation into the entire petroleum industry, declares interlocking stock ownership prevents any real competition among the various Standard Oil companies and the commission recommends legislation to permit re-opening of the Oil Trust case to obtain modifications of the Supreme Court's dissolution decree.

No conclusive evidence was found, it is stated, that collusion exists among the Standard companies in violation of the decree, but the commission's findings have been transmitted to the attorney general.

Prices are declared to have been raised arbitrarily, although natural causes contributed. Pronounced price inequalities were found in different parts of the country.

The principal findings of the commission are:

That in most marketing territories the Standard companies are dominant.

That the Standard companies have maintained a distribution of territory in marketing gasoline, and that no substantial competition in the chief petroleum products exists among the Standard companies.

That the facts disclose advances in prices of gasoline and difference in price, corresponding to Standard marketing territories, which couldn't be explained except under the conditions charged.

That the combination of pipe lines with other branches of the industry has tended to establish and perpetuate monopoly.

The commission recommended these measures as necessary to remedy conditions:

Legislation to abolish in certain cases common stock ownership in corporations formerly members of combinations dissolved under the Sherman law.

Effective limitation of common ownership of stock in potentially competitive corporations by withdrawing the power of voting and control.

Legislation, which will recognize common ownership would fix up on such common owners the responsibility for the acts of each of the several subsidiary companies which prevent competition.

Segregation of ownership of pipe lines from the other branches of the petroleum industry.

Congressional enactment to fix standards for gasoline.

Federal collection and publication of accurate statistics and information concerning the industry.

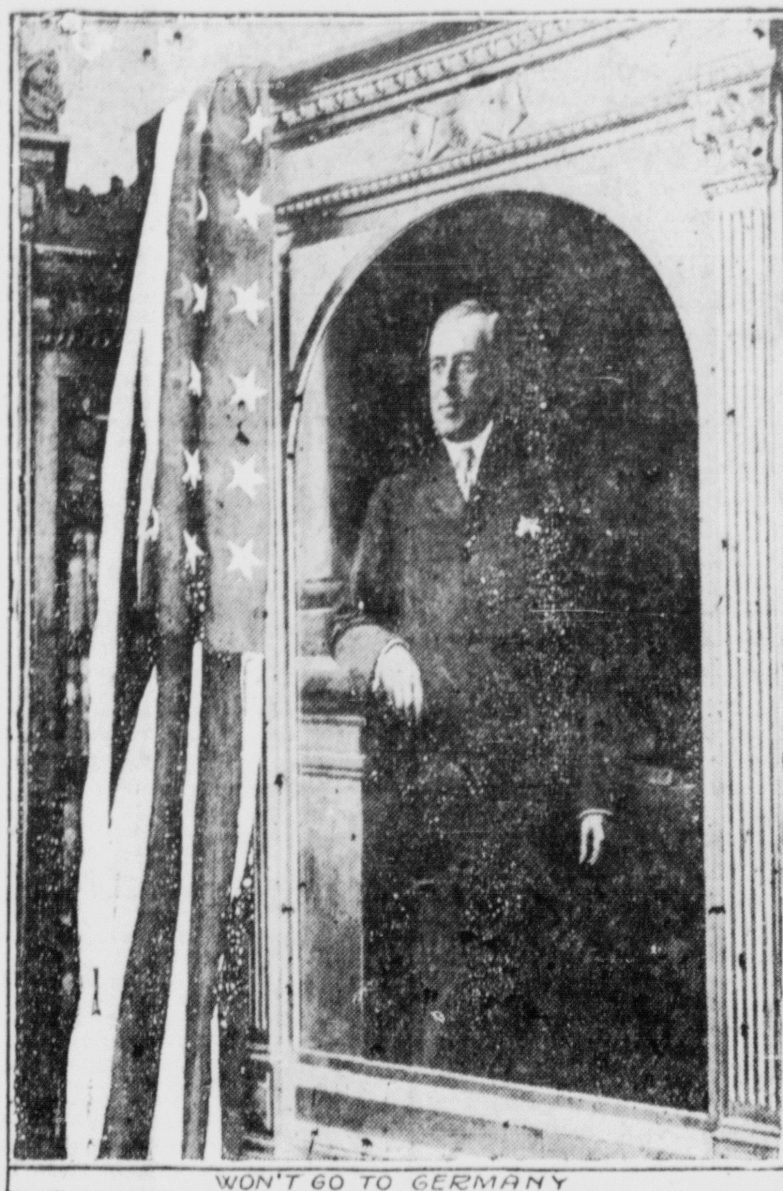

Standard Oil refineries produced more than sixty per cent of the gasoline output in 1915, sold about 65 per cent of the total marketed and held more than 70 per cent of gasoline stocks.

CORN PLANTING  
OPENS NEXT WEEK

Corn planting in Fayette county is expected to become general next week, if the weather permits and some of the farmers are expecting to begin this week, if conditions are favorable.

The usual date for beginning is the first week in May, and this season probably will be no exception.

Many of the farmers are anxious to begin the work at the earliest possible moment in order that they may complete the planting of an unusually heavy acreage.

Would the Kaiser Care For  
Portrait of Mr. Wilson Now?

TL's painting of President Wilson, by Gustave C. Langenberg, was recently completed. It was begun more than two years ago and was to have been a gift from the Hamburg chamber of commerce to Kaiser Wilhelm.

It is believed now by the people who were financing the presentation that the kaiser would not appreciate the gift at this time and efforts have been made to find a suitable home for the painting. The National museum in Washington has been suggested.

HOME GARDEN  
SUGGESTIONS

The advantage of deep spading and thorough advance preparation of the soil becomes apparent in the carrot bed, says today's garden lesson supplied by the National Emergency Food Garden Commission, of Washington, which is co-operating with this newspaper to urge the planting of gardens to safeguard against a food shortage this year in Washington.

The carrot root, which is the part eaten, tries to grow straight down into the soil. If it meets a stiff, packed subsoil a few inches down it cannot penetrate it, and the root will either split or become otherwise misshapen and gnarled. Soil that has been worked, however, enables the carrot to grow shapely.

The carrot is an early crop and easily grown after it gets started. But the carrot seeds are small and the young plants are weak, so the seed should not be planted deeply, a half inch being enough. It is necessary to keep a dirt crust from forming over the seeds after they are planted, so it becomes desirable to mix a few radish seeds in the carrot seed.

The radishes grow quickly and not only mark the rows so that you can go over them with a garden rake and break up any crust, but also aid in breaking the crust and letting the tender carrot shoots come through.

One ounce of carrot seed is enough to sow 100 feet of row. They should be sown rather thickly together, and after the plants come up thinning by pulling out plants is not necessary unless they are crowding each other. Small carrots have better flavor than large ones, so that they can grow 6 or 7 to the foot in the row without injury. Make the rows 1 foot apart.

The carrot is a slow grower, maturing in 8 or 10 weeks after planting. A continuous supply of them can be guaranteed by making new plantings every three weeks or late as August 15, although in hot, dry weather they must be watered.

Carrots may be pulled while still small—begin when they are about half an inch in diameter at the top of the root.

FORD ERVIN DEED  
NEAR MT. STERLING

Warner Neff found a strange reminder of the late Bookwalter storm while walking across one of his fields Friday. It is a deed from William Ervin and wife to Arnold Forden Ervin and is dated July 29, 1903. Ervin's house was destroyed in the Bookwalter cyclone some six weeks ago and the deed evidently was carried by the wind to the Neff farm, a distance of about 18 miles. Mr. Neff found the

document in a field near his residence. The paper was lying against the fence and was partly covered with dried dirt. One portion of the deed is perfectly legible while the writing on other parts has been obliterated by water. A number of shingles were lying on the ground in the same vicinity.—Mt. Sterling Tribune.

FIRE VICTIM WAS  
A NOTED CRUSADER

Dr. Martha E. Keller was one of the victims in the Calfax building fire and explosion in Indianapolis, Indiana.

Washington residents of earlier years will remember Dr. Keller as a widely known temperance lecturer, charity worker and physician, whose career began before the organization of the Women's Christian Temperance Union.

In 1873 Dr. Keller was engaged in a temperance campaign at Hillsboro, O., as a member of the Crusaders. The following year Dr. Keller spent much of her time in this city, continuing her campaign against the saloon.

Until her death she continued her efforts for temperance and held offices in the W. C. T. U. organizations.

FARMERS FAVOR  
HOUSTON'S PLAN

(By American Press)

Washington, April 24.—Congress took up the food problem in public hearings by the senate agriculture committee at which Secretary Houston set forth the administration's food control program.

The federal trade commission directed by President Wilson to investigate, with the agricultural department, the cause of high food prices asked all state governors to send representatives to Washington April 30.

Secretary Houston also put his plans before the heads of five of the country's big farmers' organizations and received assurances of support. The farmers' representatives promised even to give their indorsement to legislation giving the government power to fix maximum and minimum prices in an emergency.

The department of labor announced that it had undertaken the mobilization of 1,000,000 boys as active farm workers. An organization will be formed to be known as the United States Boys' Working Reserve. Its operations will be directed from Washington by William Edwin Hall of New York, president of the Boys' Club Federation.

Two announcements of the day bearing on the food situation were a definition of the duties to be performed by Herbert C. Hoover as chairman of the food committee of the council of national defense and the statement that William J. Bryan would tour the west to help spread the agriculture department's appeal for increased production.

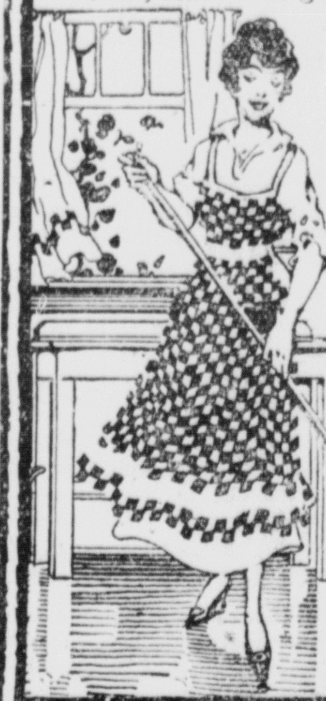

You can make those yellow clothes white with Red Cross Ball Blue. All grocers.

STANDARD OIL  
COMPANY HELD  
RESPONSIBLE

High Gasoline Prices  
Laid at Door of  
John D.'s Company  
—Federal Commission Gives  
Pointers.

By Associated Press Dispatch.  
Washington, April 24.—Domination of the gasoline industry by Standard Oil interests, the federal trade commission reported to the Senate today, has been largely responsible for high gasoline prices of the last two years. The report, written after an exhaustive investigation into the entire petroleum industry, declares interlocking stock ownership prevents any real competition among the various Standard Oil companies and the commission recommends legislation to permit re-opening of the Oil Trust case to obtain modifications of the Supreme Court's dissolution decree.

No conclusive evidence was found, it is stated, that collusion exists among the Standard companies in violation of the decree, but the commission's findings have been transmitted to the attorney general.

Prices are declared to have been raised arbitrarily, although natural causes contributed. Pronounced price inequalities were found in different parts of the country.

The principal findings of the commission are:

That in most marketing territories the Standard companies are dominant.

That the Standard companies have maintained a distribution of territory in marketing gasoline, and that no substantial competition in the chief petroleum products exists among the Standard companies.

That the facts disclose advances in prices of gasoline and difference in price, corresponding to Standard marketing territories, which couldn't be explained except under the conditions charged.

That the combination of pipe lines with other branches of the industry has tended to establish and perpetuate monopoly.

The commission recommended these measures as necessary to remedy conditions:

Legislation to abolish in certain cases common stock ownership in corporations formerly members of combinations dissolved under the Sherman law.

Effective limitation of common ownership of stock in potentially competitive corporations by withdrawing the power of voting and control.

Legislation, which will recognize common ownership would fix up on such common owners the responsibility for the acts of each of the several subsidiary companies which prevent competition.

Segregation of ownership of pipe lines from the other branches of the petroleum industry.

Congressional enactment to fix standards for gasoline.

Federal collection and publication of accurate statistics and information concerning the industry.

Standard Oil refineries produced more than sixty per cent of the gasoline output in 1915, sold about 65 per cent of the total marketed and held more than 70 per cent of gasoline stocks.

CORN PLANTING  
OPENS NEXT WEEK

Corn planting in Fayette county is expected to become general next week, if the weather permits and some of the farmers are expecting to begin this week, if conditions are favorable.

The usual date for beginning is the first week in May, and this season probably will be no exception.

Many of the farmers are anxious to begin the work at the earliest possible moment in order that they may complete the planting of an unusually heavy acreage.

Would the Kaiser Care For  
Portrait of Mr. Wilson Now?

The painting of President Wilson by Gustave C. Langenberg, was recently completed. It was begun more than two years ago and was to have been a gift from the Hamburg chamber of commerce to Kaiser Wilhelm.

It is believed now by the people who were financing the presentation that the kaiser would not appreciate the gift at this time and efforts have been made to find a suitable home for the painting. The National museum in Washington has been suggested.

The paper was lying against the fence and was partly covered with dried dirt. One portion of the deed is perfectly legible while the writing on other parts has been obliterated by water. A number of shingles were lying on the ground in the same vicinity.—Mt. Sterling Tribune.

HOME GARDEN  
SUGGESTIONS

The advantage of deep spading and thorough advance preparation of the soil becomes apparent in the carrot bed, says today's garden lesson supplied by the National Emergency Food Garden Commission, of Washington, which is co-operating with this newspaper to urge the planting of gardens to safeguard against a food shortage this year in Washington.

The carrot root, which is the part eaten, tries to grow straight down into the soil. If it meets a stiff, packed subsoil a few inches down it cannot penetrate it, and the root will either split or become otherwise misshapen and gnarled. Soil that has been worked, however, enables the carrot to grow shapely.

The carrot is an early crop and easily grown after it gets started. But the carrot seeds are small and the young plants are weak, so the seed should not be planted deeply, a half inch being enough. It is necessary to keep a dirt crust from forming over the seeds after they are planted, so it becomes desirable to mix a few radish seeds in the carrot seed.

The radishes grow quickly and not only mark the rows so that you can go over them with a garden rake and break up any crust, but also aid in breaking the crust and letting the tender carrot shoots come through.

One ounce of carrot seed is enough to sow 100 feet of row. They should be sown rather thickly together, and after the plants come up thinning by pulling out plants is not necessary unless they are crowding each other.

Small carrots have better flavor than large ones, so that they can grow 6 or 7 to the foot in the row without injury. Make the rows 1 foot apart.

The carrot is a slow grower, maturing in 8 or 10 weeks after planting. A continuous supply of them can be guaranteed by making new plantings every three weeks or late as August 15, although in hot, dry weather they must be watered.

Carrots may be pulled while still small—begin when they are about half an inch in diameter at the top of the root.

FORD ERVIN DEED  
NEAR MT. STERLING

Warner Neff found a strange reminder of the late Bookwalter storm while walking across one of his fields Friday. It is a deed from William Ervin and wife to Arnold Forde Ervin and is dated July 29, 1903. Ervin's house was destroyed in the Bookwalter cyclone some six weeks ago and the deed evidently was carried by the wind to the Neff farm, a distance of about 18 miles. Mr. Neff found the

FIRE VICTIM WAS  
A NOTED CRUSADER

Dr. Martha E. Keller was one of the victims in the Calfax building fire and explosion in Indianapolis, Indiana.

Washington residents of earlier years will remember Dr. Keller as a widely known temperance lecturer, charity worker and physician, whose career began before the organization of the Women's Christian Temperance Union.

In 1873 Dr. Keller was engaged in a temperance campaign at Hillsboro, O., as a member of the Crusaders. The following year Dr. Keller spent much of her time in this city, continuing her campaign against the saloon.

Until her death she continued her efforts for temperance and held offices in the W. C. T. U. organizations.

FARMERS FAVOR  
HOUSTON'S PLAN

(By American Press)  
Washington, April 24.—Congress took up the food problem in public hearings by the senate agriculture committee at which Secretary Houston set forth the administration's food control program.

The federal trade commission directed by President Wilson to investigate, with the agricultural department, the cause of high food prices asked all state governors to send representatives to Washington April 30.

Secretary Houston also put his plans before the heads of five of the country's big farmers' organizations and received assurances of support. The farmers' representatives promised even to give their endorsement to legislation giving the government power to fix maximum and minimum prices in an emergency.

The department of labor announced that it had undertaken the mobilization of 1,000,000 boys as active farm workers. An organization will be formed to be known as the United States Boys' Working Reserve. Its operations will be directed from Washington by William Edwin Hall of New York, president of the Boys' Club Federation.

Two announcements of the day bearing on the food situation were a definition of the duties to be performed by Herbert C. Hoover as chairman of the food committee of the council of national defense and the statement that William J. Bryan would tour the west to help spread the agriculture department's appeal for increased production.
